FELHASZNÁLÁS:

The kerbs in the TERRA product range have an essential functional and aesthetic role. These products successfully fulfill multiple roles, namely: space delimitation, fixing and stabilizing the pavement, preventing vegetation growth, guiding water drainage, aesthetics and design.

MINŐSÉGI FELTÉTELEK:

- Declaration of conformity
- Approval + Technical Agreement

ELŐNYÖK:

- Easy to handle and install
- UV resistant
- Suitable for residential areas or private homes
- Long lifespan

TERMÉKGARANCIA:

- 10 years - with proper installation, storage, and operational guidelines.

SZERELÉS

Accessories are purchased separately. We recommend installation by specialized personnel in accordance with installation guidelines.

 For efficient installation, we recommend using the G12M29C sealant. It's used for sealing channels, pipes, and drainage systems.

- Curing time:24h/2-3 mm
- Operating temperature:+5°C to +40°C
- Maximum storage temperature:32°C

BASE sealant, construction products, 310 ml tube (G12M29-C).
