USAGE:

The kerbs in the TERRA product range have an essential functional and aesthetic role. These products successfully fulfill multiple roles, namely: space delimitation, fixing and stabilizing the pavement, preventing vegetation growth, guiding water drainage, aesthetics and design.

QUALITY CONDITIONS:

- Declaration of conformity
- Approval + Technical Agreement

ADVANTAGES:

- Easy to handle and install
- UV resistant
- Suitable for residential areas or private homes
- Long lifespan

LIFESPAN:

- 10 years - with proper installation, storage, and operational guidelines.

INSTALLATION

Accessories are purchased separately. We recommend installation by specialized personnel in accordance with installation guidelines.

 For efficient installation, we recommend using the G12M29C sealant. It's used for sealing channels, pipes, and drainage systems.

- Curing time: 24h/2-3 mm
- Operating temperature: +5°C to +40°C
- Maximum storage temperature: 32°C

BASE sealant, construction products, 310 ml tube (G12M29-C).
