FELHASZNÁLÁS:

Geogrids are ideal for fortifying slopes, terrains, or roads, while also being a great solution to parking infrastructure, embankment fortification, and exterior design endeavors.

MINŐSÉGI FELTÉTELEK:

- Declaration of Conformity
- According to EU Regulation No. 305/2011

ELŐNYÖK:

- Can be installed in various areas
- Flexibility in choosing the type of filling material: gravel, soil, sand, etc.
- Land consolidation
- Erosion control

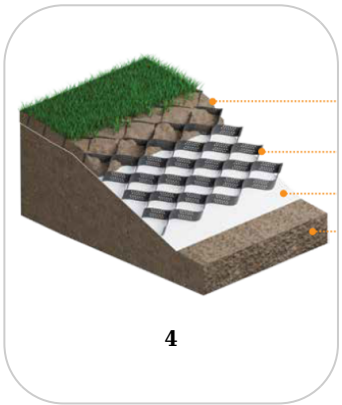

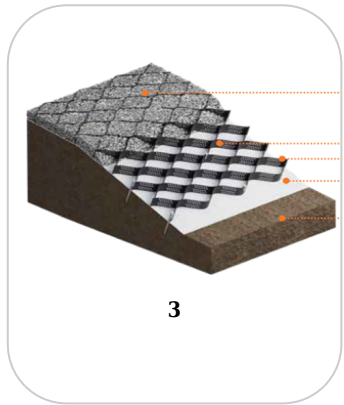

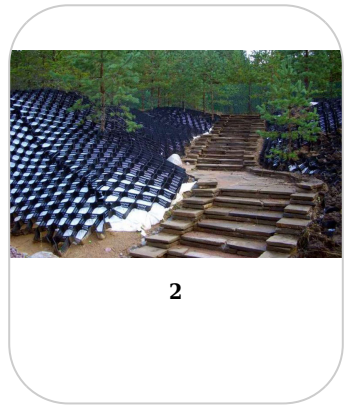

TERMÉKGARANCIA:

- 20 years - with adherence to installation, storage, and operation instructions

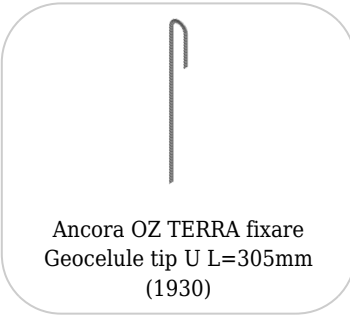

SZERELÉS

Depending on the purpose and installation area, assembly is carried out by authorized personnel in accordance with the manufacturer's instructions.

 We recommend using anchors made of Polypropylene or Galvanized Steel for installing the geocells.

JELLEMZŐK

Termék neve	Geocelule TERRA Htot.50mm 2.5m x 6m 15.3m.p (8750)
Termékkód	8750
EAN kód	6426282034580
Termékkategória	Geocelule
Brand	Terra
Súly	6.00 kg
Készlet elérhetősége	Tárolható
Hossz, mm	6000
Szélesség, mm	2550
Magasság (M), mm	50
Kihajtogatatlan felület	15.3 mp/sqm
Elosztó	VODALAND BALKAN SRL
Termék anyaga	Polipropilén
Rögzítőrendszer	
Garancia, hónap	24
Termelő	VODALAND INDUSTRY LLC
